

The Davidson African American Community Festival

TDAAC was organized exclusively for community development, to increase community relations and public awareness in the township of Davidson in 1994.

Vision: To promote the quality and vitality of community lifestyle through proactive working partnerships with community organizations, private, public, quasi-public, government and others. TDAAC serves as a recognized resource in community, an advocacy to preserve and protect the unique character of historical aspects of the African American Community.

Mission— To serve the community in the advancement of equality, promotion of cultural diversity and building life-long relationships in all aspects of human relations, social development, political, economic causes.

Values— TDAAC is committed to community needs/demands as the focus of service with respect, trust and dignity.

TDAAC WestFest was organized in 1995 and renamed in 2003 to TDAAC Community Festival

Happy Easter!
